Maps

Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

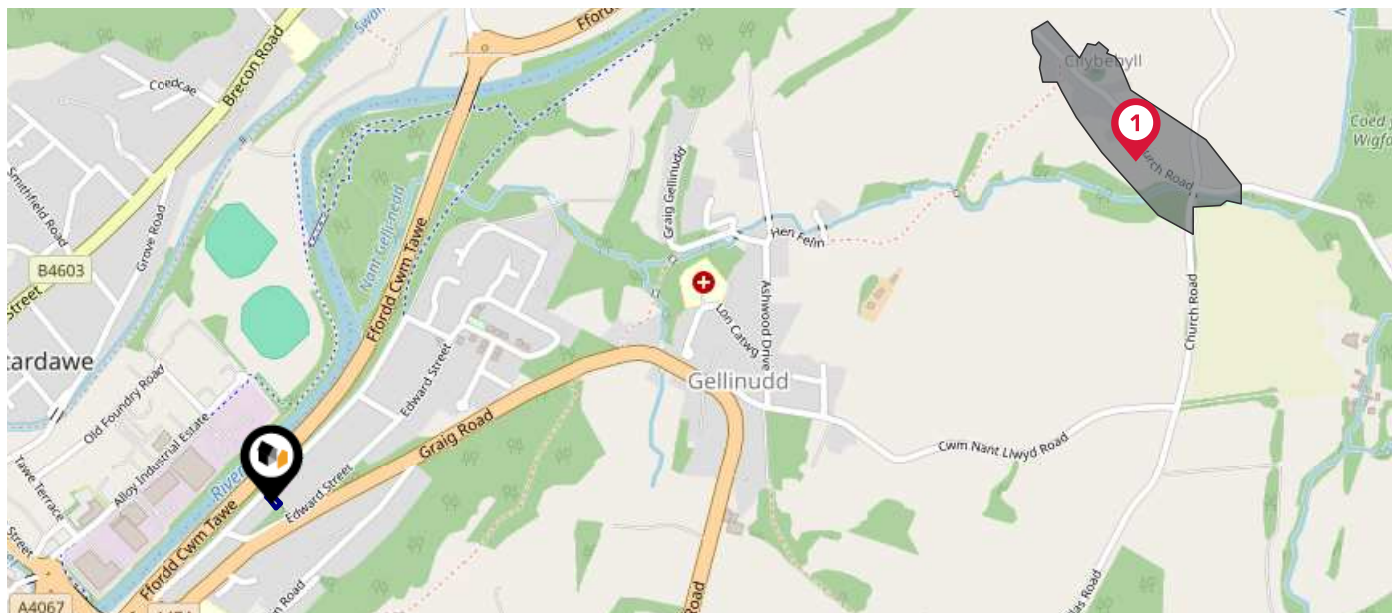

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Nearby Conservation Areas

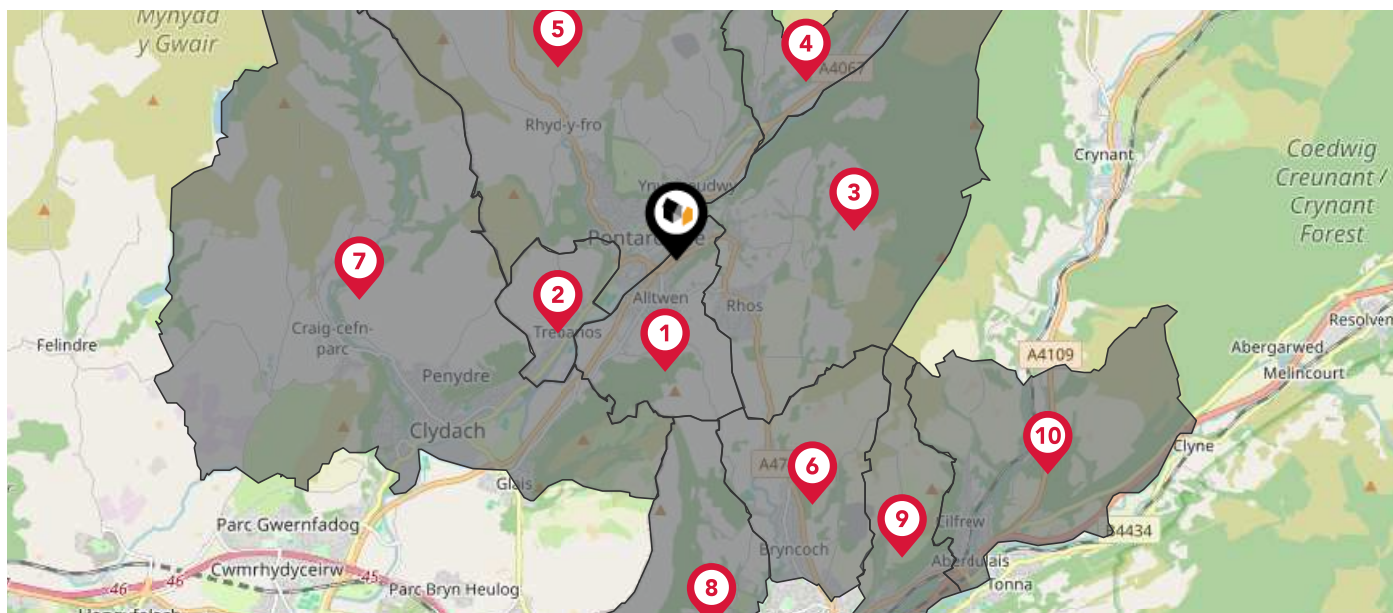

Cilybebyll

Maps

Council Wards

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

Maps

Rail Noise

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

Flood Risk

Rivers Flood Risk

This map shows the chance of flooding from rivers, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.33%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Flood Risk

Seas Flood Risk

This map shows the chance of flooding from the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.33%) in any one year.
- **Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1%) in any one year.
- **Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Flood Risk

Surface Water - Flood Risk

This map shows the chance of flooding where rainwater has nowhere to drain. This kind of flooding can occur far from rivers or seas.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.33%) in any one year.
- **Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1%) in any one year.
- **Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Environment

Radon Gas

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).

Local Area

Road Noise

This data indicates the level of noise according to the strategic noise mapping of road sources within areas with a population of at least 100,000 people (agglomerations) and along major traffic routes. This indicates a 24 hour annual average noise level with separate weightings for the evening and night periods.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

Moving You About Us

Moving You

A Dedicated Personal Property Expert

Moving home can be one of the most stressful things you will do in your life. Working with one of our highly experienced experts, who have helped move 1000's of buyers and sellers, will ensure you have the support you need, when you need it.

Exceeding your expectations

Whether you are a buyer or seller, we provide you with all of the related services when moving, to ensure your experience is of the highest standard.

With our extended hours and on demand services we aim to provide a better experience than ever before.

Financial Services

By working with preferred partners offering mortgages, conveyancing, surveys and removals, your Personal Property Expert will be able to assist with the process of buying or selling from start to finish. Call 07717661188 for more information.

Moving You

Testimonials

Testimonial 1

I sold my property with Andy this year, after trying several other estate agents I didn't get on with, I found Andy to be easy to talk to, always available to answer any queries I had, moved through the process quickly, had a friendly and professional team behind him and overall a pleasure to work with.

Moving You gave me the best valuation on my property and sold it for a better price than I had imagined I'd get. I recommend using Moving You to anyone

Testimonial 2

Superb service. Andy has been brilliant from the start. He explained from the outset the best way to sell our house and was able to show his reasoning from his research of the market, advertising techniques and local sale prices. His house sale portal was very helpful, providing full details of viewing appointments, offers and progress of the sale. Would highly recommend Andy to anyone looking to put their house on the market!

Testimonial 3

Pleasure to deal with, previously had dealings with another major high street estate agent with no success, whereas Andy at Moving You was knowledgeable of the whole process, market and gave a personal service and was great to be able to communicate through WhatsApp etc. Won't go anywhere else ever again, you have my business for life. Keep it up thank you!

Testimonial 4

Superb personal service and results! The previous estate agent failed over 3 months but Andy produced a result within 1 week. Can't recommend enough.
