Introduction

Estate agents are required to provide consumers with 'material information' in property listings to ensure they can make an informed decision when buying a property. Material information is information that the average person needs to make an informed transactional decision#basically, whether a buyer decides to enquire further, view, or buy a property.

The estate agent you're buying from is dedicated to helping people find the right property for them and, as such, has put together this comprehensive report of the property you're looking to buy, helping you to make an informed purchasing decision.

If you have any questions about the information contained in this report, please contact your estate agent.

Contents

- ↓ Additional information

Specialist issues

Subsidence or structural faults

No

Property treated for dry rot, wet rot or damp

Yes

Details of treatment for dry rot, wet rot or damp

Stipulation of our mortgage, we had 6 months to remedy damp. All walls in the living room, and larger bedroom were taken back to the brickwork and re plastered by a contractor approved by the mortgage company. The kitchen floor suspended flooring was removed and cemented, as recommended by the mortgage company and carried out by an approved damp specialist. The quarry tiles were removed from the living room and a solid floor put in place by an approved damp specialist agreed by the mortgage company. The same company carried out all the work. Certification and guarantees supplied.

Japanese knotweed at the property or neighbouring land

No
